You came to my show
And I saw you in the crowd
I didn't know your name
I didn't know your name

I asked all my friends who you were
And your story
They told me the same
They told me the same

I've left my heart to you but it's not fair
'Cause you're taking me for granted baby
I made a stone with you but it's not fair
'Cause you're over the Atlantic baby

One journey for you but it's worth it
One life here with me and it's magic
One journey for you but it's worth it
One life here with me and it's magic

You stayed at my head
While I saw you all the time
I didn't think you care
I didn't think you care

I fought you all day
With a mouth full of attitude
You stole my away
You stole my away

I left my heart to you but it's not fair
'Cause you're taking me for granted baby
I made a stone with you but it's not fair
'Cause you're over me and land it baby

One journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic

'Cause you're over me and land it baby
'Cause you're taking me for granted baby

'Cause you're over me and land it baby

One journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic

One journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic
