Get a little softer at the middle, ever since I was little
And I'm growing softer all the time,
Didn't have a momma

But is that anyway to be your neighbor?
I'm always talking to myself all night
But that's alright, that's alright
You're always laughing and you must be joking
I just want a taste of what you've been smoking
And you read my mind,
The party's over, so you best get louder
Don't love (?) cause it ain't going nowhere
Yellow casing up and down the cuWboard on my rented
apartment
And you got me climbing up the walls in my head,
Gatorade full (?)

But is that anyway to be your neighbor?
I'm always talking to myself all night
But that's alright, that's alright
Yeah that's alright, that's alright
Oh yeah you read my mind... soon
You read my mind through what it was (?)
You read my mind...
You read my mind through what it was
