I sent you out to play last night
The alarms went off at 3
Funny how im not laughing now
Lonelyness a guarentee

I sent you out to play last night
The alarms went off at 3
Funny how im not laughing now
He's not coming home to me

Sent you out to play last night
The alarms went off at 3
Funny how im not laughing now
Hes not coming home to me

Try to get out on a
To move out of love
If only there was no consequence
Watch it all turn to dust

Hey can i go with you
My beauty number2
Hey can i go with
When the rendez vous over
Its over

[repeat]

Hey can i go with
When the rendez vous over
Its over

Its not over

No it's not over
