When a menthol hit  
Hooks a spatial girl in her summer clothes  
Like a transmission  
On an empty channel all lines are closed

Taking photographs  
Speaking slowly through the permanent waves  
The taste in her mouth  
That she read about earlier today

This is happening for your pleasure at your leisure  
Use your evil when you want

When a menthol hit  
Hooks a spatial girl in her summer clothes  
Like a transmission  
On an empty channel all lines are closed

Taking photographs  
Speaking slowly through the permanent waves  
The taste in her mouth  
That she read about earlier today

This is happening for your pleasure at your leisure  
Use your evil when you want

This is happening for your pleasure at your leisure  
Use your evil when you want

When the night becomes  
Automatic sequence joining the day  
Singing something new  
Someone else is sliding into your way

When a menthol hit  
Hooks a spatial girl in her summer clothes  
Like a transmission  
On an empty channel all lines are closed

Get you off my conscience by Friday  
On Saturday I'll be wide awake  
On Sunday I'm your new best friend

On Monday learn it all again

For your pleasure at your leisure  
Use your evil when you want

This is happening for your pleasure at your leisure  
Use your evil when you want
