A red cell  
A perfect view out of the Novotel  
Sat gently listening to  
This song

It started over again

And the girl gets higher  
The room's on fire  
If you want her let it go  
Hello

The sun went in  
And it started over again

Linking an  
Encyclopedia of nothing  
In half-written signatures  
And false names

It started over again

And the girl gets higher  
The room's on fire  
If you want her let it go  
Hello

The lights went out  
And it started over again

A red cell  
A perfect view out of the Novotel  
Sat gently listening to  
This song

It started over again

And the girl gets higher  
The room's on fire  
If you want her let it go  
Hello

The sun went in  
And it started over again
