Don't let it hurt you baby love to tell you  
How they warned you  
They say don't be surprised at someone's lies  
They think they taunt you  
But if you can stand the test  
You know your worst is better  
Than their best

And so you stand here with the years ahead  
Potentially calling  
With open heart or with a spirit dead  
You walk on

Lies the reason  
Faith or treason  
Playing a part(\*background vocals)

End concealing  
Try revealing  
Open your heart

Dare to feel  
Take the chance  
Make the deal

Being an island  
Trying from trying  
Seems the easy way  
Such an easy way  
But there's no future  
Without tears

Lies the reason  
Faith or treason  
Playing a part(\*background vocals)

End concealing  
Try revealing  
Open your heart

Dare to feel  
Take the chance

Make the deal

But if you can stand the test  
You know your worst is better  
Than their best

Lies the reason  
Faith or treason  
Playing a part  
End concealing  
Try revealing  
Open your heart(x3)
