Every new day  
That you start  
Plans the minute  
You're flagging  
Your heart  
Where you  
Waking up today  
My little runaway

Every red eye  
That you cross  
Makes the next  
Feel serious  
Where you  
Waking up today  
My little runaway (4x)

Every silver shell  
That you crush  
Will be enough  
Where you  
Gonna sleep today  
My little runaway

When you feel  
Like everyone  
Wants to kill  
The unicorn  
Where you  
Waking up today  
My little runaway (16x)
