Where am I? Sleeping at the console. ahhhh
I dreamt something, that I don't remember. ahhhh
Checking in, just like any other. ahhhh
Signing off, signing out forever. ahhhh
You're secondhand,
That's the reason why you're easy to drive. The reason
why.
You understand,
That's the reason why you're easy to hide.
My head says yes but I was sedated. ahhhh
Signing on, checking in together. ahhhh
You're secondhand,
That's the reason why you're easy to drive.
You understand,
That's the reason why you're easy to hide.
You joined a band,
That's the reason why you're easy to try.
You understand,
That's the reason why you're easy to hide.
Lalalalalalalalalalalalalalalalaaa(x a lot)
