one look into your eyes  
i can tell whats on your mind  
but the time ain't right  
to feed the fire  
please understand, I'm not ready

been dreaming of, the two of us together  
i want it too, oh do i ever  
but, the timing ain't right, we've got to take our time  
be patient, I'm not ready

on the first night  
this can't go down  
please understand, that ain't what I'm about  
on the first night  
i need you to wait  
cause the time's not right for all the way

will you do me  
will you do me  
will you do me, this favour

I've been dreaming of, the two of us together  
me giving in, on a night to remember  
i am so scared to loose you, but we can't go ahead  
tell me true now, do you love me?  
on the first night  
this can't go down  
please understand, that ain't what I'm about  
on the first night  
i need you to wait  
cause the time's not right for all the way

is this love  
this could be love  
i love to love you  
please don't rush me

on the first night  
this can't go down  
please understand, that ain't what I'm about  
on the first night

i need you to wait  
cause the time's not right for all the way

on the first night, i need you to wait  
cause the time's not right for all the way
