The turn out tonight is weak  
The crowd is looking meager  
Only 40 to 50 in the flock  
but 3 more beers and I'm playin' Woodstock  
And you can probably see that we're not all that tight  
A couple more drinks will alter your sight  
That does not mean fight  
I'm not saying I have to be drunk  
but tequila shots make it more fun  
I'm havin' fun  
(Chorus)  
Oh, Beer Goggles  
I love to put them on  
Next to eachother at the bar  
She's thinkin' he's the one  
I'm thinkin' where's my car  
She thinks I look good  
Obviously she didn't smell that fart
