Don't call it a movement, there's other ways of saying it
Call it brown table and i'm playin' it down
Make it round even a wear account
Fat amounts
Blazin', appraisin
People are very unordinary (I have no idea)
Every nation a backin'on out
Come on everybody let me hear you shout
I'm gonna back on out
My momma said back on out
Smokin' it ain't stoppin
Its coming down and this melt is rockin'
Rain my mother ate draino, mt. st. helen

A volcano
Burnin' like hot lava
I got the runs cause i drink too much java
Ouch that sensation
I got the runs i got constipation
[Chorus]
