One! Two! Three!

Don't call it a movement!
There's other ways of saying it;
Call it brown table. And I'm playing it down.
Make it round even a wear account; fat amounts.
Blazing, appraising- people are very unordinary
In every nation they backing on out;

Come on everybody let me hear you shout!
I'm gonna back on out!
My momma said back on out!
I'm gonna back on out!
My momma said back on out!

Splotching. Theres no stopping.
Its coming down and this melt is rocking.
Pain! My mother ate drain-o.
Mt. St. Helen; A volcano. Burning like hot lava
I got the runs cause I drank too much java
Ouch! That sensation!
I got the runs I got constipation.

And I'm gonna back on out!
My momma said back on out!
I'm gonna back on out!
My momma said back on out!
