Dogs of war and man of hate
With no cause we don't discriminate
Discovery is to be disowned
Our currency is flesh and bone
Hell opened and put on sale
Gather 'round and haggle
For hard cash we will lie and deceive
Even our masters don't know the web we weave

One world, it's a battle-ground
One world and we will smash it down

Invisible transfers and long-distance calls
Hollow laughter in marble halls
Steps have been taken
A silent roar has unleashed the dogs of war
You can't stop what has begun
Signed, sealed, they deliver oblivion
We all have a dark side, to say the least
And dealing in death is the nature of the beast

One world, it's a battle-ground
One world and they smashed it down

The dogs of war don't negotiate
The dogs of war won't capitulate
They will take and you will give
And you must die so that they may live
You can knock at any door
But wherever you go, you know they've been there
before
Well, winners can lose and things can get strained
But whatever you change, you know the dogs remain

One world, it's a battle-ground
One world, we are going to smash it down
One world,
One world, we are going to smash it down
