(Slovenian)

Socna je zemlja v vecerni goreci luci, strast blaznih  
ocetov nas do zadnjega mucu.

Dali so nam oci, da v njih se pijanost pretaka, dali so  
nam roke, gresne plodove mrake.

Ljubimo zemljo boleстно, kakor so oni ljubili, ljubimo  
njih sive glave, plodnost so nam podelili.

KRVAVA GRUDA-PLODNA ZEMLJA.

(English)

Rich is the earth in the burning evening light,  
the passion of our mad fathers is tormenting

us to the last.

They gave us eyes that drunkenness decants  
inside them, they gave us hands- the sinful  
fruits of twilight

We love our land sorrowfully as they loved it  
their grey heads we love, fertility they gave  
us.

BLOODY GROUND-FERTILE LAND.
