Anna,
Take me back to the home
Anna,
Once I knew itâ€™s getting born

Iâ€™ve been in the world
Now had to sing
Still I could hear
Your voice calling in

Takes too long
To forget you
If Iâ€™d known to stay
Too long
To forget you
Iâ€™m still waiting for a chance

Anna,
All I see is your face
Anna,
Same great heart still away

I want you to know
I was so young then
Donâ€™t wanna feel
On my own again

Takes too long
To forget you
If Iâ€™d known to stay
Too long
To forget you
Iâ€™m still waiting for a chance
