I  
Stand on this hill  
My will as law  
For meat I kill

I  
Hear demons sing  
Bathe yourself in  
Blood of the king

Forged metal, from fires of the hearth  
Hades hammer, pounds the Earth  
Keep my steel, at my side  
And my enemies, skinned alive

I'll  
Bash your brains out  
Eat your entrails  
Impale your torso

I'm  
Abrupt of emotion  
The Lord of thunder  
Son of the ocean

I grip my sword  
And advance upon the keep  
Sneak upon the resting king  
And spill his blood while he sleeps  
Juggernaut!  
Juggernaut of metal!  
Juggernaut!  
Juggernaut of metal!
