Oh, the moon is giving sunshine, sky's full of wine
Big ol' bear prickly pear, I wanna live in your
Fuzzy bits an' kissin' lips, curly hair and squeezey hips
Places where I just fit in you

Never had the luck to see God's hands
Not even his fingernails
But if he has a voice, it's just like yours
Butter and honey and milk and water
Milk and water, milk and water

Moon is giving sunshine, sky's full of wine
Clouds are pouring red
Stars are pouring white
So much raining down on me I just lose my

Moon is giving sunshine, sky's full of wine
Big ol' bear prickly pear, I wanna live in your
Night and day, day and night
Night and day, day and night

Moon is giving sunshine, sky's full of wine
Big ol' bear prickly pear, I wanna live in your
Flutter-bys and butterflies
That frame your big round eyes
An' make lightning strike twice inside
Make lightning strike twice inside

So much light, sky's so bright
So much light, sky's so bright
Clouds are pouring red an' the stars are pouring white
Clouds are pouring red an' the stars are pouring white

Lightning strike twice inside
Night and day, day and night
Lightning strike twice inside
Moon is giving sunshine, sky's full of wine
Clouds are pouring red, stars are pouring white
