From the southern seas  
The dark army breeds  
The snake skinned sons of Kourete's  
An era has ceased  
One hundred years of peace  
Mankind now lusts for Hell's fury

Behold the sight  
The violence iron age of man  
I can't believe my eyes  
The violent iron age of man

With avenging strife  
Embitters human life  
Masses of men now clash and fight  
Skin red with blood  
The countless dead  
A warrior cries out in the night

Behold the sight  
The violent iron age of man  
I can't believe my eyes  
The violent iron age of man

Kill Kill Kill Kill Kill Kill Kill Kill  
Kill Kill Kill Kill Kill Kill Kill Kill

Behold the sight  
The violent iron age of man  
I can't believe my eyes  
The violent iron age of man
