

## Lair Of The Minotaur "Horror"

Visit "[Horror](#)" on MotoLyrics.com

Relentless, the evil battle queen  
Ghastly Eris all splattered with gore, so hideously  
Sorrow, a desire for blood  
Still lurking in the battlefield, wading in the suffering

HORROR!!!  
THE HORROR!!!

Destruction, the giver of pain  
Clay red, from the blood of the dead  
Repulsion, the havoc of death  
She stands on a corpse pile of a thousand men

HORROR!!!  
THE HORROR!!!

Blasts of fire  
Deadly sword  
Tortured cry  
Strife of war!

Infernal!  
THE HORROR!!!
