Walked through the sand, the sand, soft and white
And felt the sun, the sun, warm and bright
And saw the ocean, the ocean blue
And thoughts, and thoughts came
Thoughts of you ...

Down down down
IÂ´m feeling down
Down down down
IÂ´m feeling down

Down Down Down...

And felt the beat, the beat, strong and loud
As I was dancing amidst the crowd
And my surroundings went out of view
And thoughts, and thoughts came
Thoughts of you ...

Down down down
IÂ´m feeling down
Down down down
IÂ´m feeling down

Down Down Down...

See me, see me, down on my knees
Oh, Come back, come back, come back please
I saw the world and found no reply
Oh, Tell me, tell me. please, tell me why?

Down down down
IÂ´m feeling down
Down down down
IÂ´m feeling down

Down Down Down...
