Where am I?
I don't know.
Should I stay,
Or should I go?
Having dreamed of,
I don't know
How I feel
Insecure.
City by night,
The air is warm.
Can I resist
All your charme?
Can I resist
Your sweet song?
I'm so weak,
When I'm alone.

Oh, let me dive
Into an ocean,
Lights
And music
In never-ending motion.
How deep will I fall?
I don't think.
I don't care.
'Cause cities move on
And no-one
will find me there

Never seen
Easy life,
Frightened by
People's eyes.
Catch a glance,
Try a smile.
Say hello,
Stay for a while.
All 'round there
Harmony.
Isolation,
Wait for me.
Our first night

In a new world,
Will I disappear,
Will I be heard?

Oh, let me dive
Into an ocean.
Lights
And music
In never-ending motion.
How deep will I fall?
I don't think,
I don't care.
'Cause cities move on,
And no-one
will find me there.

Where am I?

Should I stay,
