I think I'll pray for a boat and I raincoat  
I think I'll pray for you  
The time I waste with my soul on a stretcher  
And all I put you through

And there are those who are scared of the dreamers  
Their lies become their truths  
I try so hard to be your kind of woman  
I try so hard for you

And I have not run out  
Although you thought I might  
And I have not run dry and coming from my eyes  
Are many rivers

If you can't breathe with your head under water  
Why should I be with you  
And I'm left here all alone with my headtrip and  
Way too lost for you

And I have not run out  
Although you thought I might  
And I have not run dry and coming from my eyes  
Are many rivers

I must follow where the deep water goes  
I must follow you where nobody knows  
I must follow you where ever it goes.. it goes

And I have not run out  
Although you thought I might  
And I have not run dry and coming from my eyes  
Are every ounce of pain and I have fought the fight  
And I have been let down and I will be alright
