There she goes again
Lookin' like she just stepped out a magazine
Such a pretty thing
There she goes again
Knowin' there's a chance that she might create a scene
Do you know what I mean

Don't you fellas agree (Oh, yeah)
I said ain't she the finest thing that you ever did
See, hey (Oh, yeah)
So beautiful to me
'Cause if you ever had a good love
Then there's one thing you got to know

That there's something about that woman
She's got something you can't live without, makes your
Heart sing
Oh, it's just something about that woman
If you're in doubt, then you are missin' out on a good
Thing, yeah

The fellas get their kicks
Watching you walk up and down the street like that
(Foxy lady)
And that's a fact (Don't you do me like that)
And I get so much heat
These eyes can't fool my lady next to me
And she don't play that kind of thing, no

Don't you fellas agree {Oh, yeah}
Some times you can't help from lookin' at what you see,
Oh (Oh, yeah)
And it looks so good to me
'Cause if you ever had a good love
Then there's one thing you got to know

That there's something about that woman
She's got something you can't live without, makes your
Heart sing
Ooh, it's just something about that woman
If you're in doubt, then you are missin' out on a good

Thing, yeah

I got to give it up
Hey, hey

The fellas, you know what I mean
I want you to come along and sing along with me
Something about my woman
There's somethin' about my woman

Hey, if you ever had a good love
Then there's one thing you got to know

That there's something about that woman
She's got something you can't live without, makes your
Heart sing
Ooh, it's just something about that woman
If you're in doubt, then you are missin' out on a good
Thing

Something about that woman (Something about her)
Something about that woman (Hey... hey...)
Something about that woman (There she goes again
Lookin' like a picture)
(She's such a pretty thing)

Something about that woman (Here she comes again)
Something about that woman (The fellas get their kicks
Watching, I'm watchin' too)
Something about that woman (There goes a woman)
(Look at the ladies)

Something about that woman (Somethin' about that
woman)
(She's sweet and she's kind) Makes your heart sing
(And that's a fact, she's where it's at)
Something about that woman (Somethin' about that
woman)
