And I can't forget those nights
That we would spend up waiting
And I was waiting on this to change
You told me to take you for granted
So why? Why shouldn't I just walk away?

I chose these words, cause I've
Been patient with you.
Set me free, from these chains
That have held me from the truth
You're so consistent, and your
Lips understanding.
Can you just let me walk away
Can you just let me walk away
You're so commanding, was that the real nature?
Then you will always be the same.

I'm sorry I couldn't be
The man that you needed
I can't believe that
I'm still breathing
If love is what you need
Well let me go

Release, release me from this place
Of your satisfaction
I tried my best, you let me down
Too many times
Every word you speak
Gets further from the truth
You told me I was your escape
Why would I wish if that was true
And I think we've had enough
Cause this has been consuming us
I'll watch this fall back to the ground

I'm sorry I couldn't be
The man that you needed
I can't believe that
I'm still breathing
If love is what you need

Well let me go
I'm sorry I couldn't be
The man that you needed
Just tell me that you'll be waiting
If attention's what you need
Well than it shows

So pray for your false life?
Beg for your life, this will be closure
All hope is lost, it's starting
It's starting over

Let's start this over
This isn't the same game
We played when we were young
If this is love, I better go
If this is love, I better go
