Come on!

So if this ended today
Could you look at me the same
Because tomorrow I forget your name

Always tried to forget you were alive
And I'm sure you'd do the same for me
And I think it's time that we make
This happen, it's time to say goodbye

Open up your eyes, you were a waste of time
You were a waste

You would carry me
And I needed to breath
Your so not worth it
Your heart was in too deep
You need to reach for the surface

But she'll never listen. No!

So here we are again
We'll try to make this last
You said you'll take me, I never will
And I'll never take you back
I'm rebuilding what
You've done to our lives
So hold your breath to try to
Save your worthless life

And I think it's time
That we make this happen
It's time to say goodbye
Open up your eyes
You were a waste of time
You were a waste

You would carry me
And I needed to breath
Your so not worth it

Your heart was in too deep
You need to reach for the surface

Woo.

This is where you drown.
