and now i'm close as i should be
to going under
diving into shallow ground
afraid you're never coming back
to hold me up from
the single memory of
us still thinking we were here

back into dust as we were
as we are
into the vapour horizon
too far
to go to go

the canvas paints beyond itself
i'm very dangerous
with my imagination i
if i invented every time
that we were morphing
into a meaning that was way too much
for me
to know

back into dust as we were
as we are
into the vapour horizon
too far
we are estranged by the cosmos
it's you
and me and us

oh we were so perfect in my mind
ooh it was a major calling
ooh the falling out of space and into time
ooh there was so pitiful and high

back into dust as we were
as we are
into the vapour horizon
too far
we are estranged by the cosmos

it's you
and me and us
you
me
and us
you
me
and us
