Every time it rains I listen to the sky
I wonder what's so great about sunshine
So everybody lives and everybody dies
And no one's gonna love you like I do
(when it was getting dark
I didn't need a match
I never need a light to see you
You thought I'd disappear but
I was always here, oh
I could never get that far from you, though)
I misunderstand
And been misunderstood
Love me cause you can and
Not because you should

Every time it rains
I know it's good to be alive
Every time it rains
I know I'm trying to survive

Take it as it comes and take me as I am
I never was a good imposter
But I know how to dream
And don't know where I stand
I'm willing to admit I try to hard
Stop playing with my heart
I'm waiting by the phone
Afraid to be myself
Afraid to be alone

But every time it rains
(yeah, yeah, yeah, yeah, yeah, yeah, yeah)
I know it's good to be alive
Every time it rains
(yeah, yeah, yeah, yeah, yeah, yeah, yeah)
I know I'm trying to survive
And every time it rains
I'm gonna hide myself inside

Every time it rains
Every time I fall
Every time I crawl and crawl and crawl

If I'm gonna beg, I'm gonna see it all
Gonna bleed it all
And you know I'll scream and scream and scream

Every time it rains
I know I'm trying to survive..
I know it's good to be alive
