Not just another moonbeam  
read quite a bit of penty? today  
one part dreamer  
one part meaner  
sets a different mood in some way

reflected down monroe street  
in the middle of the day  
what of all the other movies  
or the one i want to stay?

the girl that grew and no one knew  
a space to chase  
i sometimes flew into my innerloom  
into my innerloom  
into my innerloom

all girls wear pink  
some are stained with ink  
and i watch as your words  
fly into my innerloom

i got my own narcotics  
but dont know how to smoke  
it's when i feel beyond it that  
i finally learn to cope

the girl that grew and no one knew  
a space to chase  
i sometimes flew into my innerloom  
into my innerloom  
into my innerloom

the skin was torn that i had worn  
beneath the thorns i was born  
the girl that grew and no one knew  
a space i would chase  
then i sometimes flew into my innerloom  
into my innerloom  
into my innerloom

all girls wear pink

some are stained with ink  
it's not sometimes i think  
to want to be those girls

and i dove into my guts before  
i'll never play the same way again  
i'll try and call a lipstick boy  
and ask where charlotte sometimes went

the girl that grew and no one knew  
a space to chase  
i sometimes flew into my innerloom  
into my innerloom  
into my innerloom
