I'm so uncertain of what's growin' in my head  
That's how it goes when there are ghosts to put to bed  
What does it want from me, certificates of certainty?  
There must be help around the bend

Ooh, what would I do without you?  
Ooh, what would I do?

Am I its brother, its mother and its son?  
Am I a product of everything it's done?  
Am I a woman 'cause I'm scared to be a man?  
I'm reaching deep inside

With everything I am  
One by one the voices make their rounds, I can't  
believe  
The monster I have hidden in my mouth, it has to  
scream

Ooh, what would I do without you?  
Ooh, what would I do?  
Ooh, what would I do without you?  
Ooh, what would I do?

One by one the voices make their rounds, I can't  
believe  
The monster I have hidden in my mouth, it has to  
scream  
All at once I give into its sound, remembering  
The monster I have hidden in my mouth, it has to sing  
It has to sing, it has to sing

Did I just have to live the chapter on regrets?  
Should I just tell myself it's easy to forget?  
I cannot face my pain the same familiar way again  
'Cause we are more than who we are, we are, we are,  
we are

Ooh, what would I do without you?  
Ooh, what would I do?  
Ooh, what would I do without you?  
Ooh, what would I do?

Ooh, what would I do without you?  
Ooh, what would I do?
