Whether it came from your heart or your stomach  
I'm not sure if this really is the point  
'Cause if you call me a slut to be smart  
To your friends who think they rule the joint ...

And then you say that you didn't even mean it  
And then you say that's the way your friends all talk  
You can go tell them the sluts and the bitches  
Are the reason that they breathe and walk

Should I run after bullets?  
Should I howl at the bark of the dog as he whines?  
I just might

So you got burned by a girl who was a trickster  
Now every Sally to you's a rotten find  
Better go bang Mandy Jay with the peanut butter parts  
So you can taste her fine

Should I run after bullets?  
Should I howl at the bark of the dog as he whines?  
I just might

Can I take one more?  
No, you can't take  
When my fists are fooled  
And suffocated  
Suffocated  
Suffocated  
Suffocated  
Suffocated  
Every sick need for you

And if you say that you didn't even mean it  
And if you that's the way your friends all talk  
You can go tell them the sluts and the bitches  
Are the reason that they breathe and walk

You can go tell them the sluts and the bitches  
Are the reason they're alive at all
