What'll I do if I never fight my way out
What'll I do on a pavement with no lines
What'll I do if my voice lights up
The blackout I've been having for some time

May I take this moment to tell you
That my ship just left your shore
Only wanted two sets of mountains and a sure escape
March march march
A few sunken paces
There's my footprint from before

And I will
I'll be whole again
And I will
I'll be whole

No more time for ugly collapses and possessing what's
not there
Well I must free myself from the snatches of the
womanly impaired
And don't pretend I'm worthy of worthiness
Your actions never cared

And I will
I'll be whole again
And I will
I'll be whole

And I will
I'll be whole again
And I will
I'll be whole

I'm no one you know
It's so schizo
No one you know
Let me introduce myself

I'm no one you know
It's so schizo

No one you know
Here's where you meet my other self

I'm no one you know
It's so schizo
No one you know
Let me introduce myself

No one you know
It's so schizo
No one you know
Here's where you meet my other self

I'm no one you know
I'm no one you know
I'm no one you know
Let me introduce myself
I'm no one you know
I'm no one you know
I'm no one you know
Oh oh oh oh
