There was a time when I didn't have no one
Didn't have no love

Do you remember
The love that we once had
Well if I had the chance to love you again I would
Make your heart forget
I was ever there, oh no
If we forget the past I know this time love will last

Forever, For Always, For Love, Yeah

I'm not coming home anymore
Does it matter?
Well if I had the chance to hold you again
I would fill your heart with joy
Make you remember
I'm the only one for you, yes I would
Let's throw the bad memories out
And make this the first day of our

Forever, For Always, For Love

I'd be a Fool...To...Ever...Change

If he says she Loves...The...Way...I...Am

I'd be a Fool...To...Ever...Change

If he Says she Loves...The...Way...I...Am

It's gonna be
Starting Here, Starting Now, yeah yeah yeah
Forever, For Always, For Love [x 5: ad lib between]
