Your love to me
Is like a road of water that carries me into safety
Such a tender love
All I wanna know is how can I show you what you mean
to my life
Telling you I love you just won't do to prove to you
That you touch the very soul of me

So I'm gonna spend the rest of my life
Showing you

It's gonna take a lifetime
To give you all my love
Can I have a lifetime
To show you the best I have to give
Please give me your lifetime
To give you all my love
It's gonna take a lifetime

How could it be
That the fates allowed me to be the one
To know a love so sweet
Your touch alone lights a fire in me
My world is complete
Cuttin' a thousand roses or my vast love poems
Show how much I care, I don't think so

So I'm gonna spend the rest of my life
Showing you

It's gonna take a lifetime
To give you all my love
It's gonna take a lifetime
To show you the best I have to give
Can I have a lifetime
To give you all my love
Please give me your lifetime

It's gonna be a lifetime
To give you all my love
Can I have a lifetime

To show you the best I have to give
It's gonna take a lifetime
To give you all my love
Can I have a lifetime

It's gonna take a lifetime
To give you all my love
Can I have a lifetime
To show you the best I have to give
Can I have a lifetime
To give you all my love
It's gonna be a lifetime
