(rina)

Chorus:

You brought me love

Brought me light

You came and made everything all right

Finally, the light of love is shining down on me

I had felt so low

As low as I could go with no one to rescue me

I was tired of being abused, tired of being used

Only darkness, the sun went down on me

But then you shined love's light it brightened the way
for me

You brought

(all)

Chorus

(rina)

Now all I know is love

It's you I'm thinking of as the reason why

Now I believe that I can fly cause your love makes me
high

And I realize there's so much love in me

No way I could ever lose this heaven

As long as your love keeps shining

(all)

Chorus

(daniel)

How could I ever show you whatcha mean to my life

You showed me that I could love again

(choir)

Chorus

(rina)

You brought me love

Brought me light

You came and made everything all right

Finally, the light of love is shining down on me
