Ooh, ooh, ooh, it's something
You and I have something
How I long to be around when
When you can see that
You and I have something

In common, oh, oh, it's something
You better believe it
And I'm sure of one thing
How I long to be around when
When you can see that
You and I have something

In common, it's been a revelation, yeah
You've been an inspiration to me
And there is not one question, no
Where my heart will run to

Oh, oh, it's something
You better believe it
You and I have something
I don't wanna lose this fun thing, babe
And hope you can see that
'Cause you and I have something

In common, I can't believe we've been so blind
Looks like we've wasted so much time
There's not a note that rings untrue
Said when I'm with you

Oh, you and I got something
Come on, oh, oh, it's something
Oh, you and I, we got something
Come on, oh, oh, it's something
