I saw a little boy named Steven who was sitting there  
alone crying  
But there is nothing special if it wasn't for you baby. I  
am not the only  
One to talk about it... I tried to hear you say that it's no  
big deal that  
My life is real and I thought of and you think I was  
wrong... oh baby

[Chorus]  
Steven, I tried to talk to you  
Steven, I don't know what to do  
Steven, are you the one for me?  
Okay, Steven

I was sleeping in my bed thinking of him  
Until I broke up with a guy named Jim  
But it doesn't really matter that you never  
Come back to this school... yeah, yeah, yeah

[Chorus] (2x)  
Steven, I tried to talk to you  
Steven, I don't know what to do  
Steven, are you the one for me?  
Okay, Steven

I, am never gonna get you though  
I, am never gonna get you though... hey

[Chorus] (3x)  
Steven, I tried to talk to you  
Steven, I don't know what to do  
Steven, are you the one for me?  
Okay, Steven
