Is there someone else you want?  
Are you playing with my heart?  
That's what they say, they say  
The word is out on you  
'cause you're out there doin your do  
That's what they say, they say

How do I begin? Heard it from a friend  
Said they saw you with some other girl  
Baby only you can tell me the truth  
Someone's lying, don't let it be you

If you got it in you're heart that you wanna be free  
Be a man, let me know, don't make a fool out of me  
A little birdie told me that you were on your way out  
You can just fly away 'cause the word is out

Is it someone else you want?  
Are you playing with my heart?  
That's what they say, they say  
The word is out on you  
'cause you're out there doin your do  
That's what they say, they say

I'm getting tired of what I'm feeling  
Who was going 'round? Just what I was fearing  
Tell me the truth  
Do you like it way too  
But I don't live to please so baby be on your way

Easy come, easy go if I gotta let you go  
That won't be hard to do baby if you've been untrue  
Is your love just too much to give all me to me girl  
Leavin' your world

Is it someone else you want?  
Are you playing with my heart?  
That's what they say, they say  
The word is out on you  
'cause you're out there doin your do  
That's what they say, they say

Is it someone else you want?  
Are you playing with my heart?  
That's what they say, they say  
The word is out on you  
'cause you're out there doin your do  
That's what they say, they say...
