It's a long, lonely road,
Where do I go?
Looking for some place that feels like home,
Been searching so long,
Where did I got wrong?
Maybe the answer is somewhere beyond,

The stars in the sky,
And who knows why?
We all fall down,
Life's taking its toll,
It's gone outta control,
Yeah we all fall down,
It's my dignity,
That's saving me tonight

As I walk through this space,
Is this just a phase?
Will all my tomorrow's be this way?
The night is so black,
In front and in back,
Sometimes its so dark,
You don't know where you're at

Like the stars way up high,
Dropping out of the sky,
We all fall down,
Life taking its toll,
It's all outta control,
Yeah, we all fall down,
It's my dignity,
That's saving me tonight

Lift me up,
So I can see,
Inside of me,
And what could be,
A different life

We all fall down,
Yeah, we all fall down,

Life's taking it's toll,
It's all outta control,
Yea we all fall down,
It's my dignity
That's saving me, tonight

Life's taking its toll
It's all outta control
It's my dignity
That's saving me tonight
