We had something  
This love is faded  
That's lifted me out and one jaded  
And nothing is sacred  
In this life, in this world  
Who I love  
This road is ended  
And I never comprhended  
That you whould've pretended  
Not to feel anything at all  
We had something  
Don't act like it was nothing  
I was crazy  
To think I was your baby  
All you gave me is this heart that's so empty  
We had something  
Don't act like it was nothing  
Cause we had something  
Do you remember  
That'd we'd talk forever  
And stare at each other  
Till the sun suddenly slipped away  
A shoe box of letters  
And pictures of us together  
Are all torned and weathered  
Chopped away  
But it's all that I have  
Don't act like it was nothing  
I was crazy  
To think I was your baby  
All you gave me is this heart that's so empty  
We had something  
Don't act like it was nothing  
Cause we had something

You can try  
But no matter what you say  
But your pride is getting in the way  
We had something  
Don't act like it was nothing  
I was crazy

To think I was your baby  
All you gave me was this heart that's so empty  
Something  
We had something  
I was crazy  
To think I was your baby  
All you gave me  
Don't act like it was nothing
