Hey, we're still the best of friends  
But the drama never ends with everybody in our  
business  
Hey, how much you wanna bet  
They're talkin' 'bout us now, there's no tellin' what  
they'll say next

I heard we're called the party crowd, we flirt too much  
and talk too loud  
They don't even know us, where you think they get this  
stuff?  
I heard they hate the way we dress, we try too hard,  
we're such a mess  
They must be really desperate if this is what they call  
fun  
Did you hear about us?

So, don't matter anyway  
Say what they wanna say, they'll never figure us out  
We're gonna do what we wanna do  
Show them a thing or two, let's give 'em something to  
talk about

Let's go out and cause a scene, turn some heads on  
every street  
Crash a bunch of parties, anything to start them up  
Run all the lights in our new cars, head line news like  
movie stars  
Let's give 'em what they want, yeah, 'til they can't get  
enough  
Did you hear about us? Did you hear about us?

I heard we're called the party crowd, we flirt too much  
and talk too loud  
They don't even know us, where you think they get this  
stuff?  
Let's go out and cause a scene, make all the tabloid  
magazines  
Crash a bunch of parties, anything to start them up  
Run all the lights in our new cars, head line news like  
movie stars  
Got their full attentions 'til they can't get enough

Did you hear about us? Did you hear about us?  
Did you hear about us?
