Hey now where you gonna run to  
Hey now how you gonna make it all okay  
Where do you go from here  
You want something to believe in  
You just want what everybody else wants too  
Why are you so scared

[CHORUS:]

Hey now you know yourself  
Better than anyone  
Don't let them tell you it's all over  
When you've just begun  
They don't know how you feel  
They don't know what your all about  
Hey now...  
Hey now...

This world gets a little crazy  
Every now and then you wish it would just stop  
So you could catch you breath  
(You could catch you breath)  
Hey now you don't have to worry  
(Don't worry)  
All you've ever dreamed is  
There inside your heart  
Don't you forget...

[CHORUS]

Hey now hey now (It's alright)  
Don't let them see the tears you cry  
Just keep on doing what you do  
It's alright... It's alright  
Hey (hey now hey now hey now)

[CHORUS x3]
