We had something
This love is faded
That's lifted me out and one jaded
And nothing is sacred
In this life, in this world
Who I love
This road is ended
And I never comprehended
That you would've pretended
Not to feel anything at all
We had something
Don't act like it was nothing
I was crazy
To think I was your baby
All you gave me is this heart that's so empty
We had something
Don't act like it was nothing
Cause we had something
Do you remember
That'd we'd talk forever
And stare at each other
Till the sun suddenly slipped away
A shoe box of letters
And pictures of us together
Are all torned and weathered
Chopped away
But it's all that I have
Don't act like it was nothing
I was crazy
To think I was your baby
All you gave me is this heart that's so empty
We had something
Don't act like it was nothing
Cause we had something

You can try
But no matter what you say
But your pride is getting in the way
We had something
Don't act like it was nothing
I was crazy
To think I was your baby

All you gave me was this heart that's so empty
Something
We had something
I was crazy
To think I was your baby
All you gave me
Don't act like it was nothing
