Maybe see you later
Maybe catch you then, now
Now is complicated
I've got psychological defense!

I hope my heart resistant
You critical desires you
If you pull my cover
You'll be, be infecting me

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside

Everyone keeps falling
(Down boy)
Everywhere you go
Everyone is nothing
Everyone is lying on the floor
(Knock, hey wakeup!)
But I like it like
But I Like it owe it

But I like it, like it
Tell me do you like me oh!

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside

Hold me now!
Hold me, come!
Hold me now!
Hold me...

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside

Forgive but not forget
Let's start over let's regret
Let's forgive we never tried
Let's start the fight inside...
