Maybe see you later  
Maybe catch you then, oh  
Now is complicated  
I've got psychological defense

I hope my heart's resistant  
You critical disease you  
If you pull my cover  
You'll be, be infecting me

Forgive but not forget  
Let's start over let's regret  
Let's forgive we never tried  
Let's start the fight inside (x2)

Ohoh,  
Everyone keeps falling (down boy)  
Everywhere you go  
Everyone is nothing  
Everyone is lying on the floor  
(Hey wakeup! )  
But I like it like  
But I like it love it  
But I like it, like it  
Tell me do you like me, oh

Forgive but not forget  
Let's start over let's regret  
Let's forgive we never tried  
Let's start the fight inside (x2)

Hold me  
Come hold me  
Hold me now  
Come on hold me (x3)

Forgive but not forget  
Let's start over let's regret  
Let's forgive we never tried  
Let's start the fight inside (x2)

Oh yeah oh yeah (x3)

Forgive but not forget  
Lets start over let's regret  
Let's forgive we never tried  
Let's start the fight inside
