Don't be a stranger
(Don't be a stranger)
Don't think that we are that different
(We aren't as different)
We aren't as different as we think
We're closer than we know

I see us runnin'
(See us runnin')
I see us run the race to success
(Only after success)
I see us run for the diamonds
Run for total control

I've been runnin'
I won't run no more

Oh no, they don't know salvation
They don't know fire with the flame
Oh no, they don't know salvation
Oh, how easily we all blow away

I see us runnin'
(See us runnin')
I run beside to see more of us
(See more of us)
I run beside to see where we are heading
And how far we will go

I know the world can live without me
But I can't live without the world
I'm just a stranger
Honey like you don't you know that
I don't want to be, don't want to be alone

Come on,
Oh no, they don't know salvation
They don't know fire with the flame
Oh no, they don't know salvation
Oh, how easily we all blow away
Oh how we blow

Come on

Oh no, they don't know salvation
They don't know fire with the flame (I am the flame)
Oh no, they don't know salvation (You're the fire)
Oh, how easily we all blow away
We're the fire, I'm the flame

They won't blow us away, were fire with the flame

You're the fire
