Why can't I think straight?
Can't concentrate on anything
Why does my heart skip?
Why do I trip?
On everything I say to you
So many questions
Leavin' me guessing
All of the classic signs
Fell like a yo-yo
The highs and the low lows
Happening all at same time

Isn't it a lot like love?
Isn't this the way it feels?
The naked emotion you can't conceal
Isn't it a lot like love?
Is that what's coming over me
Is that why I need you so desperately

My friends think it's weird
Like I disappeared
I guess it's true
They criticize
But they would know why
If they wore my shoes
Nobody told me
If I let you hold me
It would come down to this
I come undone
When you do that something
What is it about your kiss?

Isn't it a lot like love?
Isn't this the way it feels?
The naked emotion you can't conceal
Isn't it a lot like love?
Is that what's coming over me
Is that why I need you so desperately

Why can't I think straight?
Can't concentrate
It's cuz of you

Why does my heart skip?
Could this be?
What if it's true?

Isn't it a lot like love?
