I thought we were done
That our chance had come and gone
Then you come smiling
Begging me trying
To make things right
Help me through this night

All i ever wanted
All i ever had
The truth is i missed you
Oh so bad
My body is aching to get you alone
To tell you, you're still the only one
You're all i ever wanted
I gave my life to you
You promised forever, but it wasn't time
I wanted your love, still do
Don't leave my heart beating coloured black and blue

Trust is hard to get
How can i forget?
Well as long as i love you
I know that i will do
But my tears will be the same
If i lose you once again

All i ever wanted
All i ever had
The truth is i missed you
Oh so bad
My body is aching to get you alone
To tell you, you're still the only one
You're all i ever wanted
I gave my life to you
You promised forever, but it wasn't time
I wanted your love, still do
Don't leave my heart beating coloured black and blue

All i had, all i lost
Paid the price, paid the cost
I was down, i was out

I had to scream, i had to shout
But i knew, but it's true
Always me, always you now

All i ever wanted....
