Take apart of my world if you want to
But be apart of it!
Ride the wild wind as long as you promise
To come back to me
A little time and touch 'til you go
If that's to much then let me know

Can you hold me tonight?
If my heart is on fire
Will you make it alright?
Help make it through
Can you hold me tonight?
If my mind isn't tired
Will you make it alright?
Say you need that too

We arrived like a plan on the airport
Said it's time to stay
Like a thief you were back on the crimescene
Said it felt like jail

A little time alone now and then
But if you lie then that's the end

So can you hold me tonight?
If my heart is on fire
Will you make it alright?
Help make it through
Can you hold me tonight?
If my mind isn't tired
Will you make it alright?
Say you need that too

Tell me, say you, want it to
Tell me, that I, belong to you

What do I have to say
What do I have to do? Baby how will I know?
