I didn't know then
But i know now
You're the light of my life
You're the one i still got on my mind
allright
Gimmi your hand
trust me again
i give you all i have
baby, i can't deny
that you're the light of my life
allright

Sometimes it feels like there nobody out there
And sometimes it feels like everything is wrong
You don't know what to do 'n where to go now
And you wonder, what kept me here so long?

Then i think of you and what you made me into
I'm gonna give you all i've got
Gonna give it one more shot

I don't wanna fight this feeling anymore now
I don't wanna loose my faith in you my love
But when i search my soul i find that you're still with me
You make me tremble down inside, baby you're sent
from above

I think of you and what you make me do
I'm gonna give you all i've got
Gonna give it one more shot

I feel so small
Without your love
I'm lost inside
Now can't you see
I've got you on my mind
You're the light of my life
You're the light of my life

Tell me tell me
What you wanna do

I'm here I'm waiting
I'm in love with you
I'm giving you all that i have to give
Show me that you can forgive...
(I'm giving you love - baby i'm here)
