Is it really over?  
Between us two,  
Then why don't you love me?  
The way that I still love you,  
So many mistakes made,  
In so little time,  
Girl I'm so regretful,  
I must have been out of my mind.

[Chorus:]  
I don't wanna live another day  
Without you by my side  
I don't wanna run anymore  
Running out of places to hide  
Ever since you went away  
Slowly I've seen  
That I shoulda got  
Down on my knees  
And begged you to stay with me

And what I'm feeling for you,  
Never could I try to hide,  
The fact that I adore you,  
Always seems to come outside,  
You were my heartbeat,  
The reason I breathe,  
Please baby forgive me,  
While I'm down on my knees

[Chorus x3]

I shoulda got down on my knees  
And begged you to stay with me

I don't wanna see  
I don't wanna throw  
I can't see the night  
You're my heart and soul
